SPECIAL TO THE EVENING WORLD. Balt Grounds, Washington, July 31.— Rain-like weather had full swing again to-day. but the clouds, heavy, black and threatening though they were, refused to give up their noisture in the early afternoon, and as the grounds took advantage of the cessation of rain o partially dry themselves, President Hewitt said that a game would be in order.

At a time when the game should have been called neither club was on the ground and the attendance was very small. Arthur Irwin was seized with sudden illness before the game, and Clark took his place at

and the slimy mud prevented any quick starts on the part of the base-runners. Neither sun nor girls were visible when the champions took the field. The batting order: NEW YORK.

THE ATTENDANCE VERY SMALL.

INPECTAL TO THE EVENING WORLD. BRIGHTON BEACH RACE TRACK, July 31. - The attendance at Brighton Beach to-day was the smallest of the meeting. Of course it was expected to a certain extent, the weather not clearing early enough, but still many of the regularwho go "rain or shine" were absent.

The track, although fetrock deep in mud, was

The track, although fetiock deep in mud, was too soft to be holding, but it caused plenty of scratches just the same.

The water in the inner field was so deep that the Executive Committee decided to declare the steeplechase off, which was a wise move in view of probable accidents.

The sport began with a dash of three-quarters of a mile for three-year-olds. On his good race fast Friday Crackman was made the favorite, with Tipetaff second choice. The latter, ridden by Taylor, won in a canter, with the favorite finishing second.

Maid of Orleans was made the favorite for the second race, as the crowd thought it was a good thing, especially as Winchell was to ride her. She was never in the bunt, however, and finished sixth, Duke of Bourbon the second choice winning by a length.
